SOLUTIONS
FOR A STRONGER
TOMORROW

PEOPLE + AUTOMATION + POSSIBILITY

COLLABORATIVE ROBOTS

A SMARTER WAY TO WORK TOGETHER.

Allied designs and integrates collaborative robot solutions that work alongside your team to improve productivity, quality, and safety. From concept to implementation, we deliver custom cobot solutions tailored to your application, backed by our engineering expertise and real-world experience.

SAFER.
SMARTER.
STRONGER.
TOGETHER.

ENHANCE WORKFORCE CAPABILITIES

Cobot solutions work alongside your team, handling repetitive tasks so your people can focus on higher-value work.

INCREASE PRODUCTIVITY

Reduce cycle times, improve consistency, and keep production moving.

A SAFER WORK ENVIRONMENT

Built-in safety features allow for human-robot collaboration without the need for guarding in many applications.

FLEXIBLE SOLUTIONS

Easily redeploy and reprogram for changing production needs and product variations.

CUSTOM INTEGRATION

Engineered to fit your application, tools, workspace, and process requirements.

COMMON APPLICATIONS

REAL CHALLENGES. ENGINEERED SOLUTIONS.

MACHINE TENDING

ASSEMBLY

MATERIAL HANDLING

FASTENING

SOLUTIONS
THAT WORK
WITH YOU.

THE ALLIED ADVANTAGE

From application expertise to complete implementation, Allied combines engineering, manufacturing, integration, and ongoing service to deliver collaborative robot solutions that fit the way you work. Our team supports custom application development, testing, and installation—backed by our Torque Lab and real-world experience.

LET'S ENGINEER A BETTER SOLUTION.
